

Watermelon Cucumber Cooler

From – *MarthaStewart.com*

5 cups cubed seeded watermelon
1 large cucumber, peeled, seeded and cut into chunks
¼ cup fresh lime juice (from 2 limes)
2 Tbsp honey
2/3 cup vodka
ice
cucumber slices, for garnish

- Set a large fine-mesh sieve over a large bowl or pitcher.
- In a food processor or blender, puree watermelon. Pour watermelon puree through sieve, pressing on solids with a rubber spatula (you should have about 2 cups juice).
- Puree English cucumber and pour through sieve into watermelon juice.
- In a small bowl, stir together lime juice and honey.
- Add to watermelon and cucumber juices, along with vodka.
- Adjust sweetness with more honey if desired.
- To serve, fill four glasses with ice and top each with cocktail.
- Garnish with cucumber slices.
